## FEATURED LIVE PROGRAM

June 25 @ 1 p.m.

### Eclipses

Next summer, on August 21, 2017, there will be a total solar eclipse visible in Oregon. On this special day, the moon will pass directly in front of the sun, blocking it completely out of view for a few short minutes. Join us to get ready for this spectacular event. Explore what causes eclipses and learn how to view the August 2017 eclipse safely!

### In the Exhibit Hall

See *Tapping into Clean Water* on display as part of our Science Sampler this summer!

Last Chance! On Display until June 12!

Enter the vibrant city of **Moneyville**, Science Factory's featured interactive exhibition, and you'll leave with money-savvy kids. Here they'll take a hands-on tour of money from its earliest form to its rise and fall in the stock market. Your kids will see money in a new way, and perhaps teach you a few things!
